1. This - is my mo-ther's world, and in her cra - dles lie  
2. This is my mo-ther's world, and in her gar - dens grow,  
3. This is my mo-ther's world, and when her chil - dren die,

5 the ba - bies of the world a - round as once did you and I.  
such food as all the world may share, where - e'er her chil - dren go.  
a part of her dies with each one, we hear her pain - ful cry.

9 This is my mo - ther's world, she took me in her arms  
This is my mo - ther's world, and though I some - times fall,  
This is my mo - ther's world, and through her tears and joy,

13 and fed me on the milk of love and kept me safe from harm.  
I know her love is with me still, as with her chil - dren all.  
she loves her chil - dre - n young and old, she loves each girl and boy.
